

# UNITED ATF DW-1

## Product Description

Fully Synthetic Transmission oil specifically formulated to meet the needs of transmission system. It uses the finest additive that deliver the ideal friction properties for efficient shifting, economical transfer of power, and a smooth ride with exceptional performance. It is capable of maintaining consistent lubrication, prevent premature transmission failure, and protection against wear and corrosion. This resulting in extends the life of the transmission tool and reduces noise and vibration control.

This product is suitable for use in HONDA DW-1 transmission.

## Applications / Benefits

- \* Ensuring smooth and precise gear shifts
- \* Prevents wear and corrosion
- \* Reducing the risk of blockages and malfunctions
- \* Excellent friction control at low temperature

## Typical Characteristics

| Test Description            | Method      | Unit |       |
|-----------------------------|-------------|------|-------|
| Density @ 15 °C             | ASTM D 4052 | kg/L | 0.839 |
| Flash Point                 | ASTM D 92   | °C   | 198   |
| Pour Point                  | ASTM D 97   | °C   | -45   |
| Kinematic Viscosity @ 40°C  | ASTM D 445  | cSt  | 25.04 |
| Kinematic Viscosity @ 100°C | ASTM D 445  | cSt  | 6.897 |
| Viscosity Index             | ASTM D 2270 | -    | 260   |
